

DONE LOCAL

Government & Public-Sector Facility, Operational, and Field Services

Done Local is a government services contractor providing facility, operational, procurement, and field services to federal, state, municipal, and education organizations. We combine centralized contract management with qualified local service providers and direct employees to deliver reliable execution across geographically distributed facilities — as prime contractor, holding accountability for contract performance and workforce execution.

CORE COMPETENCIES

- Facilities & Building Services — janitorial, carpet and floor care, pest control, building maintenance
- Grounds & Exterior Services — landscaping, mowing, vegetation management, exterior maintenance
- Mechanical & Trade Services — HVAC, plumbing, electrical, refrigeration, specialty trades
- Environmental & Waste Services — waste collection, septic services, remediation support, pumping
- Logistics & Operational Support — warehousing, transportation, equipment rental, distribution
- Procurement & Supply — equipment, materials, products, and supplies sourced to contract requirements
- Data Center Facility Services — mechanical, electrical, generator/backup-power, cooling, and site support for mission-critical environments

DIFFERENTIATORS

- Centralized contract management across every market we serve
- Technology-enabled procurement, vendor sourcing, and quality surveillance
- Unified workforce management across subcontractors and direct employees
- Auditable performance documentation, from dispatch through invoice
- Rapid provider deployment — scalable coverage without added management overhead per contract
- Single point of accountability for contract delivery

MARKETS SERVED

- Government Facilities (federal, state, municipal administrative buildings)
- Military Installations (base facility and operational support)
- Municipal Infrastructure (city and county-operated facilities, public works)
- Educational Campuses (K-12 and higher education)
- Data Centers & Mission-Critical Facilities
- Industrial & Operational Facilities (warehousing, logistics hubs)
